Dear Colleagues,

The IEEE 802.1 Working Group would like to thank LNI 4.0 for the update provided in liaison statement https://www.ieee802.org/1/files/public/docs2026/liaison-lni40-liaisoncancellation-1026.pdf.

We inform you that we have terminated the liaison relationship and the draft sharing relationship based on your request.

We appreciate the efforts from LNI 4.0 facilitating the adoption of the IEEE 802.1 Time-Sensitive Networking technology and the collaboration between our groups over the past years.

Respectfully submitted,
Glenn Parsons
Chair, IEEE 802.1 Working Group
