

Maintenance Task Group Closing Plenary

Singapore

March 17, 2011

Paul Congdon

Maintenance Status

- Process and web-site changes were reviewed. Minor changes suggested
- Agreement to launch the maintenance process
- TG meetings will be held via teleconference (if needed) prior to Interim and Plenary meetings
- Delegates from each TG still needed:
 - Interworking: Norm Finn
 - DCB: Anoop Ghanwani
 - AVB: ?
 - Security: TBD

Proposed Process

- Lifted from 802.3 – tools and methodology
- Thorough tracking of maintenance items from request to resolution
- Somewhat automated process of generating status information
- 802.1 WG voting members must submit request
