AGENDA & MINUTES (Unconfirmed) - IEEE 802 LMSC EXECUTIVE COMMITTEE MEETING

Monday, March 6, 2006 – 8:00 a.m.

Denver, CO

5 10	Paul Nikolich Mat Sherman Pat Thaler Bob O'Hara Buzz Rigsbee John Hawkins Tony Jeffree	 Chair, IEEE 802 LAN / MAN Standards Committee Vice Chair, IEEE 802 LAN / MAN Standards Committee Vice Chair, IEEE 802 LAN / MAN Standards Committee Recording Secretary, IEEE 802 LAN / MAN Standards Committee Executive Secretary, IEEE 802 LAN / MAN Standards Committee Treasurer, IEEE 802 LAN/MAN Standards Committee (absent) Chair, IEEE 802.1 – HILI Working Group
	Bob Grow	- Chair, IEEE 802.3 – CSMA/CD Working Group
	Stuart Kerry Bob Heile	 Chair, IEEE 802.11 – Wireless LANs Working Group Chair, IEEE 802.15 – Wireless PAN Working Group
15	Roger Marks	- Chair, IEEE 802.16 – Broadband Wireless Access Working Group
	Mike Takefman Mike Lynch	 Chair, IEEE 802.17 – Resilient Packet Ring Working Group Chair, IEEE 802.18 – Regulatory TAG
	Steve Shellhammer	- Chair, IEEE 802.19 – Wireless Coexistence TAG
20	Jerry Upton	- Chair, IEEE 802.20 – Mobile Broadband Wireless Access
20	Ajay Rajkumar Carl Stevenson	 Chair, IEEE 802.21 – Media Independent Handover Chair, IEEE 802.22 – Wireless Regional Area Networks
	Geoff Thompson	- Member Emeritus (non-voting)

1.00	MEETING CALLED TO ORDER	-	Nikolich	1	08:00 AM
Paul Niko	blich opened the meeting, welcoming everyone to the plenary session.				
2.00	MI APPROVE OR MODIFY AGENDA	-	Nikolich	4	08:01 AM

Tasks

Treasury tasks, week of Mar 2006 plenary:

- Future budgets readied for approval
 - London VAT issue
 - Request approval Friday or via email ballot
- Get 802 budget renewal
- L50 form completion
 - Asset tracking becoming an issue
- Audit for 2005
- Ongoing
 - Registration counters
 - Staff phone use
 - VeriLAN contract
 - F&B

IEEE Staff Introductions

- Karen Kenney: Associate Managing Director, Business Administration
- Michelle Turner: Project Editor
- Michael Fischer: Program Manager, Document Development
- Susan Vogel: Manager, Technical Committee Programs
- Susan Tatiner: Associate Managing Director, Technical Program Development
- Michael Kipness: Staff Liaison
- Jennifer McClain Longman: Managing Editor, Standards Information and Industry Publishing
- Bob LaBelle: Manager, Networks and Telecommunications
- Clyde Camp: Staff support for 802.11, 802.20, 802.15, 802.3
- Michael Lindsay: IEEE SA Counsel
- Michael Lightner, IEEE president (will be present at opening plenary meeting)

IEEE-SA/802 Task Force

- Meeting held at November 2005 Plenary Session
 - Topics:
 - 1) MyBallot/MyProject update: Grow/Vogel
 - 2) Declaration of Affiliation update: Kenney
 - 3) Europen Patent Office: Mills
 - 4) SC6 TAG meetings in conjunction with 802 sessions: Thompson

- Participants:

- 802- Nikolich, Thompson, Law, Grow, Mills
- SA Staff-Kenney, Vogel, Kipness, Turner

IEEE-SA/802 Task Force tentative agenda

- myBallot/myProject update
- 802 Online Training update
- Get IEEE 802TM update
- Attendance Software update
- European Patent Office update
- Wednesday 1-3pm

5.09 II 802 attendance software

Proposal: DatabaseTools Development

IEEE-SA 802 LMSC Executive Committee

Bob LaBelle – IEEE-SA IT Manager Clyde Camp – OSS Program Manager

6 March 2006 Denver/802 Plenary

Current Status

(Ignoring all that has gone before ...)

- From an 802 perspective,
 - 802.11 and 802.15 urgently need attendance database tools to manage large numbers of attendees and contributions
 - 802.XX could benefit from these tools as well
 - All 802 work/task groups are encouraged to utilize the same tool-set to manage attendance tracking, validation, membership calculations and document distribution
 - Action has been passed to the Executive Committee

Current Status (cont)

- From an IEEE Perspective, we would like to:
 - Provide a common tool-set for attendance/membership tracking across the SA
 - Provide a consistent individual database with secure Individual Unique Identifiers across the SA
 - Participants with interests in multiple sponsors or societies should not have to maintain multiple contact information
 - Provide a consistent document storage/retrieval system across the SA
 - Provide a secure set of Sponsor/WG development tools across the SA

IEEE-SA Staff Proposal

- IEEE-SA will develop near-term attendance database tools to alleviate pressure on wireless groups - available no later than June '06
 - Hosted CGI-scripts
 - Excel macros or simple database structures
 - SA-supported but possibly throw-away tools
- IEEE-SA will develop a complete proposal to meet full 802 needs for decision by November 2006 Plenary
 - Unique Personal ID Mechanism
 - Meeting Registration
 - Attendance & Membership Calculation
 - Contribution Document & Content Management

Key Contacts

IEEE Staff Contacts

- Bob LaBelle, Project Lead

- Terry Lee
- Karen Kenney
- IEEE 802 Contacts
 - Buzz Rigsbee
 - John Hawkins
 - ?????

Questions?

Karen Kenney clarified that the interim solution to address the immediate needs of 802.11 and 802.15 will be provided by internal IEEE programmers, without charge to IEEE.

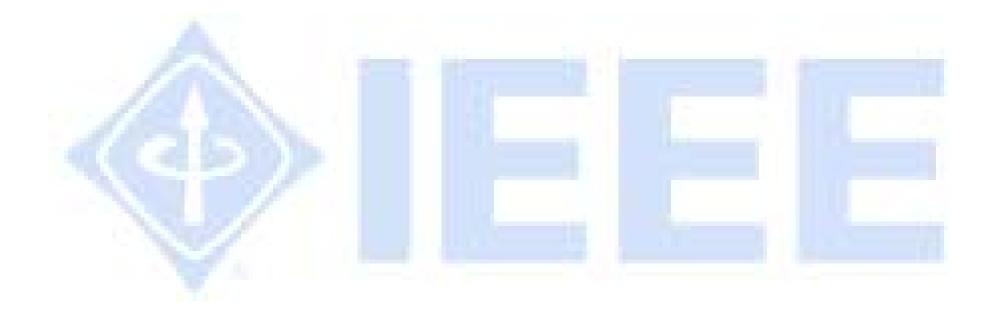

Several opinions were expressed that the actions assigned in the November 802 EC meetings have not been completed, particularly that an RFP has not been started and a guideline for requirements has not been created.

Paul asked Buzz to come to the closing EC meeting with an update on this situation.

5.10 II Online Training Update

5

- Thaler 5 08:49 AM

Training update 6 March 2006 Pat Thaler

Newcomer training

- New to IEEE 802?
- New to IEEE standards development?
- What's an EC, a PAR, all those dots ...? Join us for:

Newcomer Training. Monday, 6 March, 10 to 11 AM Centenial A through E Taught by David Law

On-line training IEEE Standards process course

- ~ 150 screens
- Duration ~ 3 hours
 - Self-paced
 - Can be taken in multiple sessions
- Development completed
- Beta test completed
- Expect to go on-line within the next week

Thanks to all our reviewers

- 1st Draft reviewers:
 - IEEE Staff coordinated by Sue Vogel
 - Bob Grow who did a particularly good job of suggesting alternate text where needed
 - Michael Lynch
- Our beta testers

Pat asked that the working group chairs ask their vice chairs to volunteer to present the newcomer training session, since the chairs will be in the EC meeting at the time the training will be given.

Pat indicated that the course we develop will need to be periodically updated.

5.11 II SA Staff Liaison - Update - Kipness 5 08:58 AM

2006 PAR Form

802 Executive Committee

Mike Kipness, Program Manager 6 March 2006 Denver, CO

PAR Form for 2006

- A new PAR Form will rollout on 3 April 2006
- Web-based Will move from screen to screen
- When submitting Modified PARs/PARs for the Revisions of Standards, information available from previously approved PARs will be automatically populated on the form
- You will still be able to distribute the form amongst your group for review
- Programming of the form is still in process
- New form will be demonstrated at the 29 March 2006 NesCom meeting

Sample Screen

PAR Submission=>Page 1-Amendment to an Existing Standard 802.11-1999 (168638576.14603)

 I.I. Assigned Project Number P
 802.11
 (Please leave blank if not available)

 INSTRUCTIONS: Note: New project numbers are assigned by the IEEE Standards Department. Please confer with IEEE staff if a specific project number is desired.

1.2 DATE OF SUBMISSION 2006-03-02 (YYYY-MM-DD)

1.3 Type of Document:

• Standard for {document stressing the verb "shall"}

O Guide for {document in which good practices are suggested, stressing the verb "may"}

C Recommended Practice for {document stressing the verb "should"}

INSTRUCTIONS: For the submitter's reference,

Standards are documents with mandatory requirements. Standards are generally characterized by the use of the verb "shall."

Recommended practices are documents in which procedures and positions preferred by the IEEE are presented. Recommended practices are generally characterized by the use of the verb "should." Guides are documents in which alternative approaches to good practice are suggested, but no clear-cut recommendations are made. Guides are generally categorized by the use of the verb "may." For the purpose of this document, standards, recommended practices, and guides are generically referred to as IEEE Standards.

1.4 Life Cycle: • Full Use • Trial Use

INSTRUCTIONS: A standard can be designated trial-use or full-use.

A standard can be designated for trial-use when a draft satisfies the standards-developing group (i.e., subcommittee or working group), but needs input from a very broad constituency. This is a preferred alternative to the widespread distribution of unapproved drafts. Such a draft requires a letter ballot of the sponsor and approval by the IEEE-SA Standards Board as a trial-use standard. Trial-use standards are effective for no more than two years from the date of publication. If no comments are received during the trial period, the standard is subject to adoption as a full-use standard upon receipt of written recommendation from the sponsor and approval by the IEEE-SA Standards Board.

1.5 Amendment # Z (3 lowercase letters)

Save and Continue

Save and Come Back Later

5.12 II Patent office request - update

- Law/Mills 5 09:01 AM

EPO Access to IEEE 802 drafts

- EPO requested access to IEEE 802 drafts
 - Approved at November closing EC meeting [Item 9.04]
- BoG motion
 - Move that the BOG endorse in principle a program to make available IEEE working group material to patent offices and patent agents, etc., with the appropriate IEEE-SA legal/financial controls in place.

Unanimously approved

• IEEE-SA Standard Board charted Ad Hoc

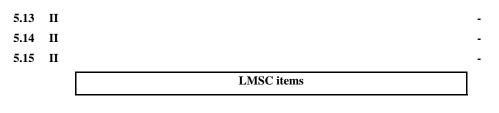

- Task to address the "legal/financial controls".
- Initial focus is EPO access to IEEE 802 drafts
 - Want applicable to all POs and WGs

EPO Access to IEEE 802 drafts

- Proposal
 - Create EPO Username and Password
 - Each WG appoint somebody to provide list of draft directories
 - Need to make sure only IEEE-SA copyright material
 - Access added to these directories
 - List also used to produce a 'EPO access Home page'
 - No fee
 - Best effort of IEEE-SA part
 - License agreement drafted

A question was asked about how this interacts with IEEE record retention policy. The answer was that it was not discussed.

Another question was whether we should ask the other SDOs for permission to make their draft material available, along with our own, if it is available to our members. The response was that this would be additional work and is not desirable.

5.16 MI LMSC Meeting Fee Waivers

5

Nikolich

Email Ballot recap

			(yes/no/abs/dnv)
•	12 DEC	APP 802.16e Press Release	9/0/0/7
•	02 FEB	APP 802.11 Press Release	16/0/0/0
•	03 MAR	APP \$68.7k for network equipment	12/1/3/0

--question: how did the EC like Roger's balloting system (12DEC vote)

Meeting Fee Waivers

- The following individuals have had their registration fees waived for this plenary session by the LMSC chair.
 - IEEE-SA Staff Participants
 - Karen Kenney, Michelle Turner, Michael Kipness, Susan Vogel, Susan Tatiner, Michael Fischer, Michael Lindsay, Clyde Camp, Bob LaBelle, Jennifer McClain Longman, Walter Pienciak
 - Invited Participants
 - Michael Lightner
 - 802.19&1900.2 joint meeting attendees (strictly limited to joint meeting)
 - Stephen Berger, Jim Hoffmeyer, Todd Martin (DARPA SETA), Kalle Konston (Joint Spectrum Center and FCC TAC), Doug Sicker (Univ. of CO & former FCC), Dale Hatfield (former FCC chief engineer), Dirk Grunwald, Tim Brown, John Chapin

5.17 II Tutorial schedule

- Nikolich 5 09:13 AM

Tutorial Schedule

Monday	Tuesday
1) 802.16 Mobile Multihop Relay 6:30-8:00PM (Roger Marks, sponsor)	3) Open 6:30-8:00PM
 2) IEEE and Integrity in Standards Development 8:00-9:30PM (Paul Nikolich, sponsor) 	4) Open 8:00-9:30PM
	24

5.18 II JTC1/SC6 update

Marks/Thompson 5 09:14 AM

SC6 dual fast track ballot closes 7 March 2006. The outcome is unknown. It has been highly contentious. An ad hoc meeting of the US TAG will occur this week to discuss the outcome of the ballot and items for the SC6 meeting in Prague.

5.19 II China Liaison update

- Marks 5 09:15 AM

5 In addition to the issues of the preceding agenda item, there will be a series of meetings in Beijing during April to acquaint the Chinese with the IEEE Standards Association. One item to be discussed is a draft MOU with the CCSA.

The CCSA (Chinese Communications Standards Association) is the only independent standards body in China. They sent a delegation to the US in December. Paul Nikolich and Roger Marks met with them. This meeting led to the drafting of an MOU.

5.20 MI P&P update

10

- Sherman 15 09:19 AM

EC LMSC Policy and Procedures Update

Author:

Matthew Sherman 1st Vice Chair, IEEE 802 BAE Systems - CINR Matthew.Sherman@BAESystems.com

Date: March 6th, 2006

Summary of P&P Activities

- Updated LMSC P&P dated January 4, 2006
 - http://grouper.ieee.org/groups/802/policies-and-procedures.pdf
- Two P&P revisions ballot conducted
 - Approval votes for Friday
- One new P&P revision being proposed
 - Vote for electronic ballot on Friday
- Three Comment Resolution / Review sessions held
- Support to WG on issues such as documentation numbering
- Interpretations by Paul on topics such as
 - Definition of 'affiliation'
 - Powers of chair, types of votes, etc

Status on P&P Revisions

Current LMSC P&P Revision Ballots

- WG Plenary (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/doc00522.doc
 - Allow WG to hold Plenary independent of LMSC
 - Reduce quorum and membership roll of issues
 - Initial intent would not carry
 - Insufficient support
 - Compromise: allow for WG interim meeting without quorum
 - Requires 11 months prior notice if no quorum
 - Vote for approval Friday
- Editorial* (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/bin00243.bin
 - Addresses assorted editorial issues
 - Vote for approval Friday
 - * You must change the file extension from 'bin' to 'pdf' to view the file

Proposed LMSC P&P Revision Ballots

- Document Numbers (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/doc00523.doc
 - Eliminates entire of Clause 19 on Document number
 - Concerns & Resolutions
 - Groups don't follow the contents of Clause 19 today
 - SA places requirements at PAR time
 - Don't need to reiterate here
 - Don't specify internal document system
 - New documentation server will 'self enforce'
 - Vote to send to ballot on Friday

doc.: VC1_06032006_LMSC_P&P_Update-opening_r1.ppt

Other Matters

Comment Resolution / Review Meetings Conducted

- 5.5 hours total
- 02/09 Two hours Telecon (1 hour used)
 - WG Plenary
- 02/23 Two hours Telecon (1 hour used)
 - Editorial
- 03/05 3.5 hour Sunday Night 'P&P Review'
 - Reviewed revisions in process
 - Reviewed 'Document Numbers' proposed change
 - Discussed LMSC P&P interpretations for 802.11
 - Powers of chair / Use of Robert's Rules
 - Types of votes / WG Ballots / Elections / Special votes
 - Meaning of 'Technical'
 - Discussed definition of affiliation
 - Paul provided formal interpretation of definition in SA Rules

Extract From IEEE SA SB Bylaws

• From Standards Board Bylaws dated Feb 2006

5.2.1.1 Openness

Openness is defined as the quality of being not restricted to a particular type or category of participants. All meetings involving standards development and all IEEE Sponsor ballots shall be open to all interested parties. Each individual participant in IEEE Standards activities shall disclose his or her <u>affiliations</u> when requested. A person who knows, or reasonably should know, that a participant's disclosure is materially incomplete or incorrect should report that fact to the Secretary of the IEEE-SA Standards Board and the appropriate Sponsor(s).

LMSC Chair's Interpretation

- Base interpretation of 'Affiliation' on text in 802.20 WG P&P (Appendix B)
 - http://grouper.ieee.org/groups/802/20/P_Docs/IEEE%2 0802.20%20PD-05.doc
 - Taken from 'ANSI Essential requirements'
 - http://public.ansi.org/ansionline/Documents/Standards%20Activities/American%20National%20Standards/Procedures,%20Guides,%20and%20Forms/ER0106.doc
- Add footnote clarifying meaning of member

'For the purposes of this requirement, "member" is the equivalent of an 802 participant.'

Chair Interpretation of Affiliation*

'Affiliation' as used in the IEEE SA Standards board bylaws should be interpreted in accordance with the text below

2.1 Openness

Timely and adequate notice of any action to create, revise, reaffirm, or withdraw a standard, and the establishment of a new consensus body shall be provided to all known directly and materially affected interests. Notice should include a clear and meaningful description of the purpose of the proposed activity and shall identify a readily available source for further information. In addition, the name, affiliation [1] and interest category of each member of the consensus body shall be made available to interested parties upon request.

- [1] "Affiliation" refers to the entity that the consensus body member represents (which may or may not be that person's employer). If the consensus body member is serving in an individual capacity, then the name of the individual, that person's employer, sponsor and interest category should be available. Contact information is not required.
- * For the purposes of this requirement, "member" is the equivalent of an 802 participant.

EC Motion To adopt the interpretation of 'affiliations' on slide 10 of this presentation and make binding on the members of the LMSC pending further clarification from IEEE-SA

Moved: M. Sherman 2nd: R. O'Hara For: Against: Abstain: Moved: To adopt and make binding the interpretation of "affiliations" shown below, pending clarification from the IEEE-SA.

"Affiliation' as used in the IEEE SA Standards board bylaws should be interpreted in accordance with the text below.

2.1 Openness

Timely and adequate notice of any action to create, revise, reaffirm, or withdraw a standard, and the establishment of a new consensus body shall be provided to all known directly and materially affected interests. Notice should include a clear and meaningful description of the purpose of the proposed activity and shall identify a readily available source for further information. In addition, the name, affiliation [1] and interest category of each member of the consensus body shall be made available to interested parties upon request.

[1] "Affiliation" refers to the entity that the consensus body member represents (which may or

may not be that person's employer). If the consensus body member is serving in an individual capacity, then the name of the individual, that person's employer, sponsor and interest category should be available. Contact information is not required.

* - For the purposes of this requirement, "member" is the equivalent of an 802 participant."

 5.21 II
 Architecture Group update
 - Jeffree
 5
 09:37 AM

 Architecture group met Sunday to update the issues list. Good material was received on the commonality of 802 standards and management. Next meeting will start taking on particular issues from the issues list and determine what can be done about them.

5.22 II Joint 802.21/P1900.2 meeting

- Shellhammer 2 09:40 AM

Joint Meeting of 802.19 and P1900.2

Steve Shellhammer

P1900.2

- Project 1900.2 was formed in 2005 to develop a Recommended Practice on Coexistence and Interference Analysis
- At the suggestion of the 802 chair (Paul Nikolich) the 802.19 TAG established a Liaison relationship with P1900.2
- The two groups have exchanged several liaison presentations but have never met face-to-face

Opportunity for a Joint Meeting

- The 1900.2 chair (Steve Berger) noticed that the two group would be meeting the same week within driving distance
 - Week of March 6, 2006
 - IEEE 802.19 in Denver, CO
 - IEEE 1900.2 in Bolder, CO
- So we decided to hold a single joint meeting in Denver on Monday March 6 from 4-6 PM

Joint Meeting

- Scope
 - The scope of this meeting is to exchange information about that ongoing tasks in the two groups
- Purpose
 - The purpose is to identify any potential areas of collaboration
- Benefits to 802
 - It is important for 802.19 to understand the work of 1900.2 so as to avoid duplication of effort
 - In particular, our new PAR mentions P1900.2 as a related project and we want to avoid a conflict

Waver of 802 Registration Fee

- The 802 chair (Paul Nikolich) has agreed to wave the 802 registration fee for members of 1900.2 to attend only this single two-hour joint meeting
- This needs to be confirmed by the executive committee
- The list of people whose registration fee is given on the next slide

List of 1900.2 Members Attending Joint Meeting

- Stephen Berger
- Jim Hoffmeyer
- Todd Martin
- Kalle Konston
- Doug Sicker
- Dale Hatfield
- Dirk Grunwald
- Tim Brown
- John Chapin

5.23 II notice of PARs under consideration

- WG chairs 5 09:43 AM

Notice of PARs and SGs under consideration

- WG chairs to report
 - PARs reported earlier in the agenda
 - SGs?
 - 802.1-congestion management study group
 - 802.3-call for interest on 10G EPON, potential study group
 - 802.11-extension of contention based protocol sg
 - 802.15-body area networking sg
 - 802.16- extension of mobile multihop relay sg
 - 802.19- extension of coexistence project sg
 - 802.21- pre-authentication project possibility
 - 802.22- extension of protection of low power devices sg

	5.24 II	Withdrawn PAR	- Heile	5	09:44 AM
		ry session 802.15.3a agreed that they were irreconcilably deadlocked. The thdrawal of the PAR. It is on the agenda for the Standards Board.	The working group unanimou	ısly

	5.26 II	Appeal status	- O'Hara/Nikolich	2	09:50 AM

Appeal update

- Canchi appeal withdrawn 1FEB2006
- Wieczorek/Oprescu/Mollenauer appeal status
 - appeal hearing to be held Wednesday 4-5pm
 - appeal panel: Mat Sherman (chair), Pat Thaler, Mike Takefman
- Yaghoobi/Puthenkulam appeal received 16FEB2006
 - Appellee: Jerry Upton
 - Attempt to informally resolve at this session, else hearing will be scheduled for July 2006 plenary session

5.27 II EC Election/Confirmation update

Elections

- Leadership elections to be held in all WG/TAGs
- Closing EC meeting
 - Confirmation of Elections
 - Election of 802 LMSC Chair
 - Confirmation of Appointed Members
 - Extension of Member Emeritus position
 - Confirmation of Appointed Individual

Paul indicated that the secretary must have the letter of support before the confirmation in the Friday closing EC meeting.

	5.28 II	Revised Opening Plenary update	-	Nikolich	2	09:55 AM
	Paul summa	rized the agenda of the opening plenary meeting.				
	5.29 ME	ITU-R M.1450	-	Lynch	5	09:57 AM
5	Mike indicated that review of the document sent to the EC on 25 February is essential to be able to approve a motion on Friday to send the document in order to meet the deadline for ITU submission.					
	5.30 II	Need EC cooperation to meet RevCom submittal deadline	-	Grow	3	09:58 AM
10	a single reci	ndicated that there are two projects that have not yet had the first sponso rculation ballot. In order to meet the June SB agenda deadlines, a shorte ional approval after the first sponsor ballot closes.				
	One project	is the 2005 corrigendum 1 that is only three pages of text.				
	5.31 II	Utilizing ITU-T as an international standardization path	-	Mills	2	10:05 AM
15	invited to jo	led a meeting in Geneva with the director of ITU-T to discuss cooperation in as a sector member, with fees waived. A "shared documents" approact anal standardization.				path
	Carl Steven	son has volunteered to participate in the effort to investigate this course of	of acti	on.		
	5.32 MI	Online training cost	-	Thaler	5	10:10 AM
20	Moved: To course size.	approve an additional \$4,000.00 for on-line training IEEE Standard	ls Pro	cess course to cover in	ncrease	d
	Moved: Th	aler/Stevenson				
25	25 Pat indicated that we increased the size (number of slides) and time of the course during its development. The vendor has requested that we cover a portion of their increased costs to develop the course.				as	
	Passes: 16/	0/0				
	5.33 II	JTC1/SC31 update	-	Heile	2	10:12 AM
30	has been dis	ed that SC31 there is an asset tracking project for RFID in 2.4GHz that is stributed to the working party as part of the comment resolution of the cu he two standards.				aft

	10 00			

• 12:00 ADJOURN

IEEE 802 ORGANIZATION

EXECUTIVE COMMITTEE (EC)

IEEE Staff Introductions

- Karen Kenney: Associate Managing Director, Business Administration
- Michelle Turner: Project Editor
- Michael Fischer: Program Manager, Document Development
- Susan Vogel: Manager, Technical Committee Programs
- Susan Tatiner: Associate Managing Director, Technical Program Development
- Michael Kipness: Staff Liaison
- Jennifer McClain Longman: Managing Editor, Standards Information and Industry Publishing
- Bob LaBelle: Manager, Networks and Telecommunications
- Clyde Camp: Staff support for 802.11, 802.20, 802.15, 802.3
- Michael Lindsay: IEEE SA Counsel
- Michael Lightner, IEEE president (will be present at opening plenary meeting)

Awards

- IEEE Std 802.3-2005
 - Pat Thaler, Michael Beck, Geoffrey Thompson, Benjamin Brown, Peter Bradshaw, Shimon Muller, Glen Cramer, David Kabal, David Law, Bob Grow, Piers Dawe
- IEEE Std 802.16f-2005
 - Roger Marks, Philip Barber, Joey Chou,

Patent Policy (see next four slides)

Instructions for the WG Chair

- At Each Meeting, the Working Group Chair shall:
- Show slides #1 and #2 of this presentation
- Advise the WG membership that:
 - The IEEE's patent policy is consistent with the ANSI patent policy and is described in Clause 6 of the *IEEE-SA Standards Board Bylaws*;
 - Early disclosure of patents which may be essential for the use of standards under development is encouraged;
 - Disclosures made of such patents may not be exhaustive of all patents that may be essential for the use of standards under development, and that neither the IEEE, the WG, nor the WG Chairman ensure the accuracy or completeness of any disclosure or whether any disclosure is of a patent that, in fact, may be essential for the use of standards under development.
- Instruct the WG Secretary to record in the minutes of the relevant WG meeting:
 - That the foregoing advice was provided and the two slides were shown;
 - That an opportunity was provided for WG members to identify or disclose patents that the WG member believes may be essential for the use of that standard;
 - Any responses that were given, specifically the patents and patent applications that were identified (if any) and by whom.

43

IEEE-SA Standards Board Bylaws on Patents 6. Patents in Standards

IEEE standards may include the known use of essential patents and patent applications provided the IEEE receives assurance from the patent holder or applicant with respect to patents whose infringement is, or in the case of patent applications, potential future infringement the applicant asserts will be, unavoidable in a compliant implementation of either mandatory or optional portions of the standard [essential patents]. This assurance shall be provided without coercion. The patent holder or applicant should provide this assurance as soon as reasonably feasible in the standards development process. This assurance shall be provided no later than the approval of the standard (or reaffirmation when a patent or patent application becomes known after initial approval of the standard). This assurance shall be either:

a) A general disclaimer to the effect that the patentee will not enforce any of its present or future patent(s) whose use would be required to implement either mandatory or optional portions of the proposed IEEE standard against any person or entity complying with the standard; or

b) A statement that a license for such implementation will be made available without compensation or under reasonable rates, with reasonable terms and conditions that are demonstrably free of any unfair discrimination.

This assurance is irrevocable once submitted and accepted and shall apply, at a minimum, from the date of the standard's approval to the date of the standard's withdrawal.

Inappropriate Topics for IEEE WG Meetings

- Don't discuss the validity/essentiality of patents/patent claims
- Don't discuss the cost of specific patent use
- Don't discuss licensing terms or conditions
- Don't discuss product pricing, territorial restrictions, or market share
- Don't discuss ongoing litigation or threatened litigation
- Don't be silent if inappropriate topics are discussed... do formally object.

If you have questions, contact the IEEE-SA Standards Board Patent Committee Administrator at patcom@ieee.org or visit http://standards.ieee.org/board/pat/index.html

This slide set is available at http://standards.ieee.org/board/pat/pat-slideset.ppt

<u>Slide #2</u> Approved by IEEE-SA Standards Board – March 2003 (Revised February 2006)

45

The (current) version of these slide can always be found at:

http://standards.ieee.org/board/pat/pat-slideset.ppt

If you have questions, contact: IEEE-SA Standards Board Patent Committee Administrator at: patcom@ieee.org or visit http://standards.ieee.org/board/pat/index.html

LMSC Policy and Procedures Update

Author:

Matthew Sherman 1st Vice Chair, IEEE 802 BAE Systems - CINR Matthew.Sherman@BAESystems.com

Date: March 6th, 2006

What are the LMSC P&P?

- P&P is short hand for Policies and Procedures
- LMSC P&P are the 'rules' that govern the IEEE 802 LMSC
- LMSC P&P can be found at
 - http://grouper.ieee.org/groups/802/policies-and-procedures.pdf
- Working groups also have P&P
- Other 'Governance' documents from
 - IEEE Standards Association
 - IEEE Computer Society

Summary of P&P Activities

- Updated LMSC P&P dated January 4, 2006
 - http://grouper.ieee.org/groups/802/policies-and-procedures.pdf
- Two P&P revisions ballot conducted
 - Approval votes for Friday
- One new P&P revision being proposed
 - Vote for electronic ballot on Friday
- Three Comment Resolution / Review sessions held
- Support to WG on issues such as documentation numbering
- Interpretations by Paul on topics such as
 - Definition of 'affiliation'
 - Powers of chair, types of votes, etc

Current LMSC P&P Revision Ballots

- WG Plenary (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/doc00522.doc
 - Allow WG to hold Plenary independent of LMSC
 - Reduce quorum and membership roll of issues
 - Initial intent would not carry
 - Insufficient support
 - Compromise: allow for WG interim meeting without quorum
 - Requires 11 months prior notice if no quorum
 - Vote for approval Friday
- Editorial* (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/bin00243.bin
 - Addresses assorted editorial issues
 - Vote for approval Friday
 - * You must change the file extension from 'bin' to 'pdf' to view the file

Proposed LMSC P&P Revision Ballots

- Document Numbers (Matthew Sherman)
 - http://grouper.ieee.org/groups/802/secmail/doc00523.doc
 - Eliminates entire of Clause 19 on Document number
 - Concerns & Resolutions
 - Groups don't follow the contents of Clause 19 today
 - SA places requirements at PAR time
 - Don't need to reiterate here
 - Don't specify internal document system
 - New documentation server will 'self enforce'
 - Vote to send to ballot on Friday

Questions?

- Contact Matthew Sherman
 - matthew.sherman@baesystems.com

On Line Training

- On line training should be available starting next week
- Newcomer training instituted this week

Tutorial Schedule

Monday	Tuesday
1) 802.16 Mobile Multihop Relay 6:30-8:00PM (Roger Marks, sponsor)	3) Open 6:30-8:00PM
 2) IEEE and Integrity in Standards Development 8:00-9:30PM (Paul Nikolich, sponsor) 	4) Open 8:00-9:30PM
	55

EC meetings for the week

• Monday 8-9:30pm

continuation of IEEE Standards Development Q&A (Lindsay)

- Tuesday 9-11am
- Tuesday 11am-1pm
- Tuesday 1-3pm
- Tuesday 4-6pm
- Wed 8-10am
- Wed 10-1pm
- Wed 1-3pm
- Wed 3-4pm
- Wed 4-5pm
- Thursday 10-11am
- Thursday 11am-1pm
- Thursday 1-2pm
- Thurs 5-7pm

reserved (Paul)

- open
- Attendance SW and Document Management discussion (Rigsbee) open
- open
- open
- 802 Task Force (Nikolich)
- getIEEE 802 budget review (Hawkins) appeal hearing (Sherman)
 - open
 - open
- open
- 'open office' (802 Chair Paul Nikolich, Stds Board Chair Steve Mills, IEEE SA Past President Jim Carlo and IEEE Staff Karen Kenney)

IEEE and Integrity in Standards Development

• Michael Lindsay

IEEE and Integrity in Standards Development

Remarks for the 802 Plenary Session Michael A. Lindsay Legal Counsel to IEEE March 6, 2006

Summary

- Review of IEEE Ethics provisions
- Interplay of law and ethics
- IEEE and Intellectual Property
- Indemnification Policy

Fundamentals of IEEE Process

- Due process
- Openness
- Consensus
- Balance
- Right of appeal

IEEE Member Pledge

 "We, the members of the IEEE, in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, do hereby commit ourselves to the highest ethical and professional conduct."

> IEEE Code of Ethics (available at http://www.ieee.org/portal/site/mainsite/menuitem.818c0c39e85ef176 fb2275875bac26c8/index.jsp?&pName=corp_level1&path=about/whati s&file=code.xml&xsl=generic.xsl&)

Member Pledge and Standards

Public Interest Is Paramount

- "accept responsibility in making engineering decisions consistent with the safety, health and welfare of the public"
- "disclose promptly factors that might endanger the public"

Ethics, Conflicts, and Disclosure

- "avoid real or perceived conflicts of interest whenever possible"
- "disclose [conflicts] to affected parties"
- "reject bribery in all its forms"

Ethics, Standards, and Relevant Competence

- "be honest and realistic in stating claims or estimates based on available data"
- "undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations"
- "seek, accept, and offer honest criticism of technical work, to acknowledge and correct errors"

Ethical Behavior and the Law

- members of SDOs "often have economic incentives to restrain competition"
- "the product standards set by such associations have a serious potential for anticompetitive harm"

Allied Tube & Conduit Corp. v. Indian Head, Inc., 486 US 492 (1988)

Examples of Behavior

- "[T]he steel group voters were instructed where to sit and how and when to vote by group leaders who used walkie-talkies and hand signals to facilitate communication."
- Each participant in IEEE standards development should his or her own independent and individual judgment

-- Allied Tube

Examples of Behavior, cont'd

• "Few of the steel group voters had any of the technical documentation necessary to follow the meeting."

-- Allied Tube

 Participants in IEEE standards development should read -- and have the education, training, and background to understand -- technical proposals

Examples of Behavior, cont'd

- "None of them spoke at the meeting to give their reasons for opposing the proposal to approve polyvinyl chloride conduit."
- Participants in IEEE standards development should come to meetings prepared, listen attentively, and actively participate

-- Allied Tube

"[W]e look to see whether the process of standardsetting has been abused to seek an unfair competitive advantage and whether the proposed standard is the product of any anticompetitive conduct on the part of the organization or its members."

> U.S. Justice Department – American Welding Soc'y Business Review Letter (Oct. 7, 2002) (available at http://www.usdoj.gov/atr/ public/busreview/200310.htm

The Enforcement Process

- Federal investigations
 - E.g., FTC's Rambus-JEDEC investigation
 - Interviews and depositions of participants in standards process
- Private litigation

Some Specific Policies

IEEE and Essential Patents

- Permits (but does *not* require) the known use of essential patents in standards
- Requires disclosure of known patents (yours or anyone else's)
- Early disclosure encouraged
 - Critical to open nature of standard development
- WG Chair calls for disclosure at every meeting

Letters of Assurance

- Chair requests Letter of Assurance from potential IP owner
 - Formal request to for information concerning their patent and whether the patent holder will be willing to license that patent for use on reasonable and nondiscriminatory terms
- Potential responses:
 - Owner has essential patents and that they'll license them on RAND terms
 - Owner has essential patents and won't license them them
 - "Owner" isn't aware of any essential patents

Copyright Policy

• IEEE owns copyright of material published by IEEE, to "enhanc[e] the accessibility, distribution and use of information" and "control the use of its good name"

> *IEEE PSPB Operations Manual 8.1.5 IEEE Copyright Policy and Procedures*

• IEEE policy prohibits "the reuse of someone else's prior ideas, processes, results, or words without explicitly acknowledging the original author and source"

IEEE Guidelines for Handling Plagiarism Complaints

Trademark Policy

- IEEE emblem is a legally protected trademark
- Can be used only in connection with official business of the IEEE
- Indicates membership in the IEEE
- Use of mark without permission is unlawful
- Consult Guidelines

IEEE Policies 12.1 - Trademark

IEEE Indemnification Policy

- IEEE can indemnify participants *only* "to the extent permitted by law"
- IEEE will indemnify *if Board finds* that participant's activities "have been duly authorized"
- IEEE does *not indemnify if* Board finds that participant's activities "have been taken in bad faith or in a manner inconsistent with the purposes or objectives of IEEE" 78

Some Conclusions

- IEEE you, the members have rightly agreed to standards of ethical behavior
- The law encourages compliance with those standards
- The success of the standards development process depends on compliance with ethical standards of behavior

Q&A

- Please step up to one of the microphones set up in the aisles and fire away!
- Q&A will continue this evening in the 8-10:30 tutorial slot

End of Opening Plenary Meeting

6.01 PL IEEE 802 PLENARY MEETING ENDS

5

The meeting was adjourned at 12:13pm

Respectfully submitted, Bob O'Hara Recording Secretary

10
