

45th Session of meetings of the IEEE 802.15 Working Group for Wireless Personal Area Networks

November 12-17, 2006

**Hyatt Regency
Dallas, TX, USA**

802.15 Organization Chart

To add your name to the WG/SG/TG reflectors
please go to www.ieee802.org/15

Objectives of the Dallas Session

November 12-17, 2006

TASK GROUP 3c –mmWave PHY for 15.3

1. Completion of Channel Model creation
2. Completion of Usage Model Document
3. Completion of System Requirements/Selection Criteria Document
4. Review and issue of CFP Document

Objectives of the Dallas Session

November 12-17, 2006

TASK GROUP 4a Alternate PHY layer:

- 1. Sponsor Ballot Comment Resolution**
- 2. Seek Conditional Approval to forward draft to RevCom**

STUDY GROUP 4c Alternate PHY layer:

- 1. Draft PAR and 5C**
- 2. Renew Study Group for another 4 Months**

STUDY GROUP 4D Alternate PHY layer:

- 1. Seek Approval to submit PAR to NesCom**
- 2. Renew Study Group if needed**

Objectives of the Dallas Session

November 12-17, 2006

TASK GROUP 5 OBJECTIVES FOR THIS MEETING:

- 1. Presentation & Discussion of Additional Call for Contributions**
- 2. Vote for Additional Contributions**
- 3. Tutorial session**
- 4. Discuss project plan**

NEW PROJECTS SUBCOMMITTEE

- 1. Report on sub-group progress**
- 2. New presentations**

Objectives of the Dallas Session

November 12-17, 2006

INTEREST GROUP-Body Area Networks

1. Confirm project scope as medical bands
2. Reconfirm Study Group formation

R2	45th IEEE 802.15 WPAN MEETING																
	Hyatt Regency, Dallas, TX USA November 12-17, 2006 The graphic below describes the weekly session of the IEEE P802.15 WG in graphic format																
	SUNDAY		MONDAY			TUESDAY			WEDNESDAY			THURSDAY			FRIDAY
