Dear Matthew and Sam,

The IEEE 802.1 Working Group would like to update the NVO3 Working Group on our progress IEEE P802.1Qcn VDP Extension to Support NVO3.

We expect to begin Task Group review of a draft of IEEE P802.1Qcn in August. We would appreciate feedback from NVO3 participants on the draft. Once the draft is available for review, we will send you details on how to access the draft that you can provide to those interested in providing review.

We look forward to the input of the NVO3 Working Group as we continue to develop this draft.

Best regards,

Glenn Parsons
Chair, IEEE 802.1
