REQUESTED REVISION:
  STANDARD: 802.1BA-2011
  CLAUSE NUMBER: 7.3.5
  CLAUSE TITLE: References to other standards

RATIONALE FOR REVISION:

802.1BA-2011 refers to other standards but does not follow the IEEE SA Standards Style Guide regarding
the dating of specific references.  Where there is a reference to a specific clause, the reference must
be dated.

This applies throughout the document, not just to 7.3.5.

PROPOSED REVISION TEXT:

In the table in 7.3.5, change the references to dated references.  Update the references to current versions,
where applicable (this might be a technical change requiring verification).

Where approved amendments of standards have been incorporated into the base standard, refer to the revised
base standard instead of the amendment: 802.3az is now part of 802.3-2015; 802.11n, 802.11v are
part of 802.11-2012.  Update reference to 802.11aa to refer to the approved version, 802.11aa-2012.

Change the ISS reference in the note in clause 5 to be a reference to IEEE Std 802.1AC (no need for a clause
reference).

Other references to specific clauses which need to be dated:
* Clause 5, page 8, referring to Tables 8-1, etc. of 802.1Q
* Clause 5, page 8, referring to 10.2.4.1 of 802.1AS
* Clause 5, page 9, referring to Table 6-6 of 802.1Q
* Clause 6.1, page 11, reference to 802.3az should be replaced by Clause 78 of IEEE Std 802.3-2015
* Clause 6.1 (b) (1), page 11, reference to clause 8.6.8 of 802.1Q
* Clause 6.2, page 11, reference to 802.1Qbb should be changed to 802.1Q.  Also remove "IEEE 802.1Qbb" in bullet b).

* Clause 6.4, page 12, reference to Clause 35 of 802.1Q

* Clause 6.5, page 14, reference to L.3 of 802.1Q, also 8.6.8.2, Clause 34, and Annex L

* Clause 6.5, page 15, reference to L.3 of 802.1Q

* Clause 6.7.1, page 17, *incorrect* reference to 3.5.1.2 and 3.5.1.3 of 802.1Q, see corrigendum, also in 6.7.2 and 6.7.3
* Clause 6.7.1, page 17, reference in Note to 5.4 of 802.1Q
* Clause 6.7.3, page 18, reference to 11.2.2 and 35.2.2.8.3 b) of 802.1Q
