Dear Vic

This is in response to your request for IEEE SCC-28 Coordination Verification on IEEE draft Standard P802 *Wireless LAN Medium Access Control (MAC) and Physical Layer (PHY) Specifications Document*). I have read the draft and found nothing that relates to the activities or mandates a of IEEE SCC-28 other than citations to the IEEE C95.1-1991 IW1 standard where appropriate Note: The correct reference in 14.6.14.2 and 15.4.7.1 should be either ANSI/IEEE C95.1-1992 or IEEE C95.1-1991. The standard was approved by IEEE in 1991 and by ANSI in 1992.)
