Surname Lemon Given Name John

Perceived Problem [If more space is needed, please provide an additional file, preferably as plain text.]

The heading for the third row of Table 10.16 is incorrect.

Proposed Remedy [If more space is needed, please provide an additional file, preferably as plain text.]

Replace "LINK_RATE (bytes per *ageCoef agingIntervals*)" with "bytes per *agingInterval*" and add text explaining that the LINK_RATE is the value shown multiplied by the value of *ageCoef*.

Rationale For Remedy [If more space is needed, please provide an additional file, preferably as plain text.]

It is not possible to show the actual LINK_RATE because the value of *ageCoef* is implementation dependent.

Remedy's Effect On Existing Equipment [If more space is needed, provide an additional file, preferably as plain text.]

None.
