fax: 408-326-5001

Objective and Criteria

- Objective
 - Obtain detailed, measured data about installed cabling, specifically: sites with ODTR certification databases for fiber
- Criteria
 - > 500 nodes on the network
 - Data on installed fiber links
 - Cabling for data networks

Progress

- Survey drafted (see reflector archive)
- Cover letter drafted
- Survey piloted with Lawrence Labs
- BICSI has agreed to review survey for administration to BICSI members
- Survey and letter to go out next week to 802.3 members

Schedule

- Oct: administer survey
- Late Oct: Results tabulated
- Nov: Results presented to Plenary
