# 2011 September Interim

- » ExEPON SG met on Monday afternoon (special thanks to Steve for accommodating us on such a short notice)
- » We went through 7 technical contributions, focused on various aspects of ExEPON systems, from operator perspectives through economics and technical feasibility
- » Additionally, proposal for 5 Critters, Project Objectives and overview of the Project PAR form responses were examined
- » Very good feedback received from the meeting participants in the room. A number of AIs were taken for preparation for this meeting.
- » All materials from the meeting are posted on the web at:  
[http://www.ieee802.org/3/EXTND\\_EPON/public/1109/index.html](http://www.ieee802.org/3/EXTND_EPON/public/1109/index.html)

# Plans for this meeting

- » Hold meetings on Tuesday morning, Wednesday, and Thursday morning, interleaving with Maintenance and CFIs.  
We meet in **Courtland** at the **Atlanta CC level** (lowest level in the hotel)
- » Go through 3 technical contributions addressing AIs taken out of September interim. 2+ contributions are expected post-deadline.
- » Go through updated contributions on 5 Critters, Project Objectives and overview of the Project PAR form responses. Finalize the language for project objectives on target power budgets for ExEPON systems
- » If SG reaches consensus on project objectives and associated documents are finalized, seek a motion to create of a Task Force on Thursday.
- » Seek extension of the SG validity period (if needed) by another 6 months to complete technical work on PAR, 5 Critters and objectives.

# Thank You!
