

## IEEE 802.3 Next Generation BASE-T Study Group Ad Hoc on 5 criteria responses – Meeting Minutes

Meeting convened at 4PM, January 22, 2013.

Dave Chalupsky chaired the ad hoc, and outlined the purpose would be to build consensus on and draft 5 criteria responses, assuming that we will end up with a reach objective at the high end of the 20-30m focus range

A sign in sheet for attendance was circulated.

The group edited the 5 criteria draft update.

Mr. Chalupsky will post the draft on the web page

The ad hoc adjourned at 5:10PM
