

IEEE 802.3 NGBASE-T Study Group

25th September 2012, Geneva, Switzerland

Filling in the PAR Part Deux: Additional Notes Re Std 802, IEEE Std 802.1D, and IEEE Std 802.1Q

Bennett, Mike – LBNL

Booth, Brad – Dell

Chalupsky, David – Intel

Wael William Diab – Broadcom

Pat Thaler – Broadcom

Supporters welcome

Overview

- IEEE 802 LMSC requires that we answer the question on compliance with IEEE Std 802, IEEE Std 802.1D, and IEEE Std 802.1Q.
- In recent projects this has been done as indicated in this presentation on the PAR under item 8.1

Additional Explanatory Notes

8.1 Additional Explanatory Notes (Item Number and Explanation): Item# 5.2: The resulting standard will comply with IEEE Std 802, IEEE Std 802.1D, and IEEE Std 802.1Q.

Study Group Motion

- Move to adopt the response to PAR question 8.1 as captured in diab_02_0912.pdf
