- Based on IEEE 802.3 meeting schedules, if Study Group (SG) misses March Plenary window to request to become Task Force (TF), which requires having draft PAR, draft CSD and some adopted Objectives for January SG meeting, and allows TF to start in May, then the next opportunity to become TF is November – 6 month delay. Acting Chair encouraged goal of March TF request and May TF start to meet desirable timeline. Discussion and concerns about if there would be adequate time as SG.
