Subject: Carrier Requirements for High Speed Ethernet Transport Over OTN

Dear John,

The OIF Carrier WG has been progressing work on developing Carrier requirements for high speed Ethernet transport over OTN and produced the attached document. The document is a draft and represents work in progress.

We welcome IEEE 802.3BA comments on this document.

Best regards,

A handwritten signature in black ink, appearing to read "Lyndon Ong", is positioned above the printed name.

Lyndon Ong

OIF Technical Committee Chair
