# Sponsor ballot differences

- Can't use the same comment tool as WG ballot. Either:
  - enter comments one at a time through the MyBallot web interface
  - or download spreadsheet from MyBallot and upload as a batch
- Sponsor ballot has additional “G” (General) type comment
  - In addition to the usual T and E types
- “Must Be Satisfied” is equivalent to “R” (Required)
  - Can only submit “Must Be Satisfied” comment if you have voted Disapprove
- Participation requirement is higher for Sponsor ballot
  - $\geq 75\%$  required to close ballot ( $> 50\%$  for WG ballot)

# Conditions for submitting to RevCom

- Sponsor ballot continues until the following conditions are met:
  - No substantive (technical) changes in the last recirculation
  - No new negative comments (TR/GR/ER) associated with a Disapprove ballot in the last recirculation
  - $\geq 75\%$  approval ratio
  - $\geq 75\%$  response ratio
  - $< 30\%$  abstention ratio
- When the above conditions are met the TF can request that the draft is submitted to RevCom and the SASB for final approval

Thanks!
