Evaluation Criteria and Requirements Ad Hoc – Minutes December 12, 2012

Provided IEEE-SA Patent Policy.
- https://development.standards.ieee.org/myproject/Public/mytools/mob/slideset.pdf

Everyone on the call was familiar with the IEEE patent policy.

Reviewed the Evaluation Criteria and Requirements Open Issues

Decided to bring the requirement for 1.6 Gb/s in 192-MHz channel, to the Task Force again, after "baseline channel conditions" is specified.

We added a number of new potential evaluation criteria and requirements which are captured in R1 of the Open Issues List.

The Ad Hoc will meet again next week. There will be no meetings the two weeks after that, and we will start up again in January.

Attendance List

Person	Affiliation
