

RF Spectrum Ad Hoc – Minutes April 30, 2013

Provided the IEEE-SA Patent Policy link. Everyone on the call was familiar with the patent policy.

- <https://development.standards.ieee.org/myproject/Public/mytools/mob/slideset.pdf>

Everyone on the call was familiar with the IEEE patent policy.

Tutorial on Task Force Straw Poll Tool (Mark Laubach)

- Mark demoed a few straw polls using the tool
- Suggestion to add a name
- Add affiliation box
- Suggestion to add a check box if the person is a voting member

This tool is to straw poll the larger group, beyond the people who are attending the meeting/conference call.

Want these polls to come from the Ad Hoc calls.

Request the TF Chair to run the following two straw polls using the new Straw Poll Tool

Straw Poll #1

Definition

Exclusion Subband: A set of adjacent subcarriers indexed $[m, m+1, m+2, \dots, m+k-1]$, which are configured via MDIO to have zero amplitude.

Do you support the above definition for the term “exclusion subband?”

Answers:

Yes

No

Abstain

Straw Poll #2

Do you support the following statement?

The standard should support a maximum number of 8 separate downstream exclusion subbands.

The standard should support a maximum number of 6 internal exclusion subbands.

Answers:

Yes

No

Abstain

Attendance
