

Clause 102 Preview

Multipoint MAC Control for EPoC

By: Duane Remein

What? Why? Where?

- What – a preview of Clause 102
 - per Technical Decision #22
 - Note this is NOT a Draft as that has not yet been authorized.
- Why – gives the Task Force a head start
 - on reviewing
 - and the reviewing process
- Where – in the private area
 - All substantial portions of the draft text will be located in this area.

What is a “preview”

- A Not quite ready for prime time version
 - Text derived from garavaglia_3bn_02a_0313
 - Figures – copied (image snap shot)
 - These are not even draft quality yet, placeholders only
 - A few proposed changes have been included
 - These are highlighted in yellow

A very quick look

- Link to [Clause 102 preview](#) material

What good is it?

- Some to “cut your teeth” on for review process.
 - Will consider any editorial comments
 - Spelling, grammar, etc.
 - Cannot consider technical changes
 - Technical changes must be approved by the TF

E P O C

Next step is up to you

THANKS

- 
- Technical Decision 22
 - **TDD MPCP baseline** Approve [garavaglia_3bn_02a_0313](#) as a baseline for EPoC TDD MPCP, Clause 103.
