From: Nathan Tracy, CDFP MSA Chair and Tom Palkert, CDFP MSA Editor

Dear Mr. D'Ambrosia,

The CDFP MSA has reviewed the subject "400Gb/s 100 m MMF reach objective draft baseline proposal" and would like to make the task force aware that the MSA is aligning the MSA's optical lane assignments to be consistent with the MDI proposal shown on pages 12 through 16 of king_3bs_02_1114.pdf.

Sincerely

Nathan Tracy, CDFP MSA Chair
