

D3.3 Page 149 line 17 145.2.5.7

Comment:

We don't need `det_start_pri <==TRUE` in `INIT_PRI` since for

- a) `CC_DET_SEQ=2` we already done detection in page 143 and
- b) for `CC_DET_SEQ ≠ 2` we have `det_start_pri <==TRUE` in `START_DET_PRI`.

Proposed Remedy:

Delete `det_start_pri <==TRUE` from **`INIT_PRI`**
