Comment (Annex 145B.1, page 281, line 21)
For clarity, to add drawings to Annex 145B.1 demonstrating the definition of parallel/staggered detection in 145.2.5.3 for CC_DET_SEQ.
Proposed remedy:

Option 1:
Add the following text and drawings after line 21 on page 281.

The PSE may use parallel or staggered detection per the definitions in 145.2.5.3 for implementing CC_DET_SEQ options.
