

Frequency Response measured under a Launch Condition close to that given in table 114-7

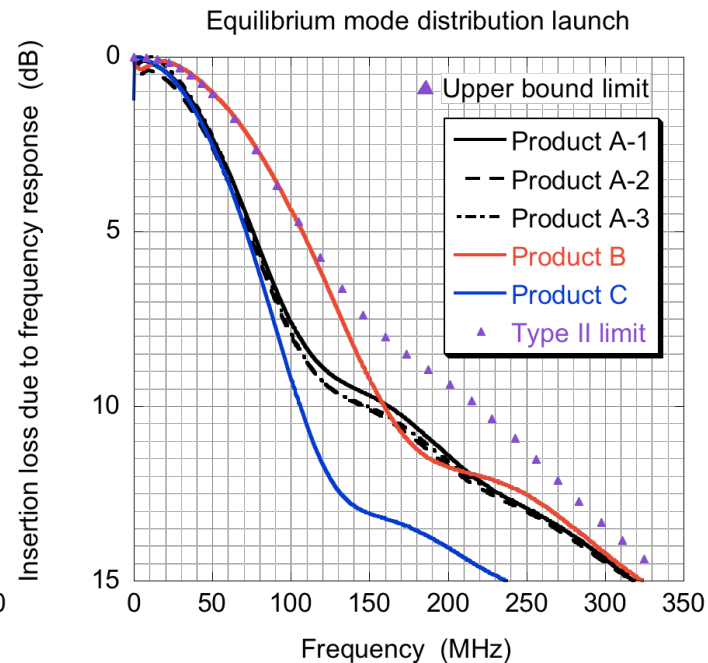

15 m

Type III (15m)

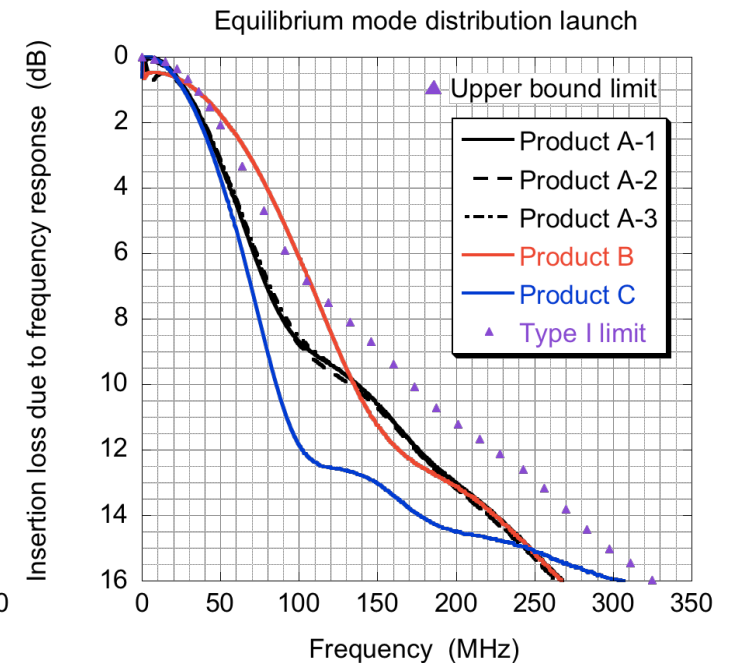

40 m

Type II (40m)

50 m

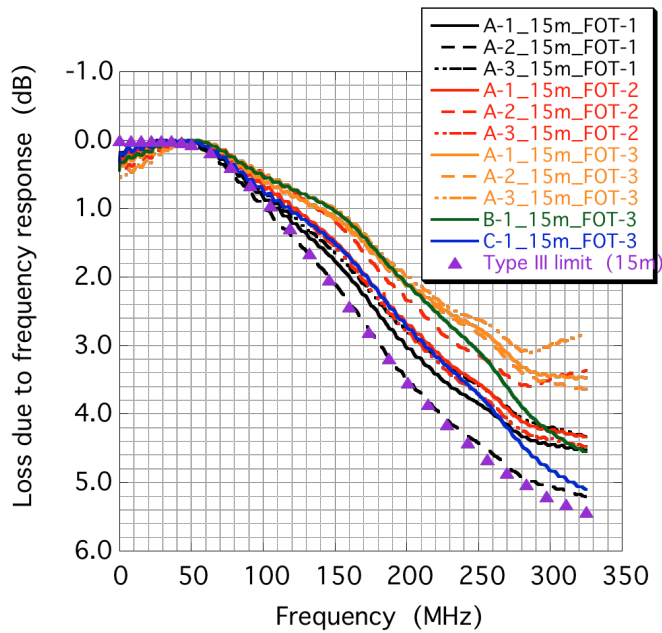

Type I (50m)

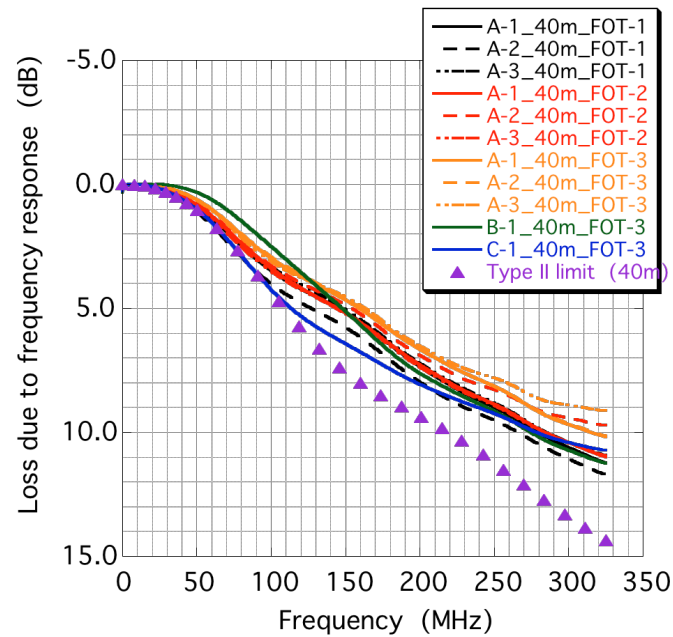

No sample meets the upper bound loss limit

Frequency Response Measured under Proposed EAF

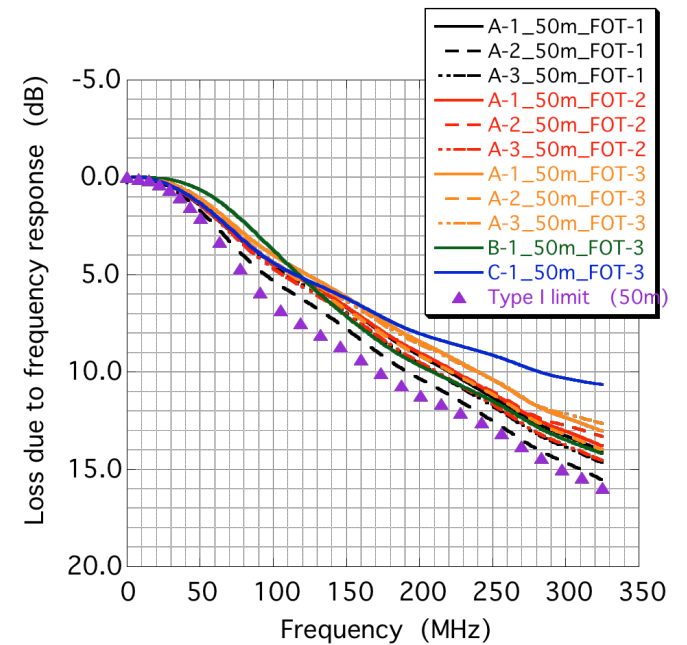

15 m

40 m

50 m

All samples meet the upper bound loss limit
