

Enterprise noise and use case analysis ad hoc report

German Feyh, ENUCA Chair

IEEE P802.3bz 2.5/5GBASE-T Task Force
Macao
March 2016

- IEEE 802.3 NGEBASET ENUCA Ad Hoc has:
 - Held one conference calls since the Atlanta Interim meeting:
 - March 2nd, 2015: 11 attendants
- Reviewed presentation:
 - Impedance balance requirements for 2.5G & 5GBASE-T Link Segments, Theo Brillhart, Fluke
- Meeting minutes and presentations can be found at:
 - <http://www.ieee802.org/3/NGEBASET/public/entnoise/index.html>

Thank you
