Subject: Informal communication in reply to TSB-5021 Cabling to Support 2.5G/5GBASE-T

Approval: Agreed to at IEEE P802.3bz meeting, Bonita Springs FL, 15-16 Sep 2015

Dear Mr. Emplit,

Thank you for the liaison letter informing us of your plan to provide guidance on the use of installed cabling to support 2.5G/5GBASE-T. Thank you also for making D0.1d available to us. We look forward to the completion of TSB-5021 and would appreciate access to your drafts in progress. We will provide you with copies of our future drafts to help synchronize our activities.

We anticipate an approved standard for 802.3bz in December 2016 and would therefore appreciate a technically complete Technical System Bulletin by May 2016.

Sincerely,

Name David Chalupsky
Chair, IEEE P802.3bz 2.5G/5GBASE-T Task Force
