

# Closing Report

IEEE P802.3ca 100G-EPON

Curtis Knittle  
CableLabs  
Huntington Beach, CA  
January 10-12, 2017

- How many days at next meeting?
  - 3 days (or as much as we can get)

# Decisions/Contributions to make next meeting

- Wavelength plan + PMD characteristics
- TDM versus WDM coexistence
- SOA preamp/dynamic range
- Channel bonding
- Line coding
- Power budget classes – consider motion to exclude PR10
- FEC information

**Thank you!**
