CU4HDD Study Group – Task Force Ad Hoc Minutes – 2-Jun-2016

Prepared by Dan Smith, chairman. Meeting started at 11:01 MT and adjourned at 11:46 MT.

Agenda:

- Continuing Channel/Electrical discussion to try to complete that portion of the draft.

Preliminaries:

Patent statement was presented each day with no response from the participants.

Discussion

- Yong reported the status of draft 0.6, which was uploaded before the meeting to the private page. It captures about 99% of the comments, so far. He is still examining the document for all notes that need to be addressed. Formatting is still being reviewed and revised.
- PICS proforma will be a set of test procedures from our document – the main purpose of our PICS. Dan will begin work on PICS.
- Yong covered his baseline proposal for 31B with TBDs removed. (See “Annex 31B Baseline Proposal” in the public area for Whistler.
- Whistler reports will be posted to the Whistler portion of the public area. The minutes and Agenda/Vote are done and will be posted.
