Subject: Liaison reply to ITU-T SG15 Q4 on IEEE P802.3cb 2.5 Gb/s specification

Approval: Agreed to at IEEE 802.3 interim meeting, Pittsburgh, USA, 24th May 2018

Dear Mr. Van der Putten,

Thank you very much for your recent liaison (SG15-LS120) informing us of your work to update Recommendation ITU-T G.999.1 to include support of "IEEE 802.3cb 2.5 Gbit/s and 10GBASE-KR 10 Gbit/s Ethernet".

To help progress this work, we are happy to provide you with the most recent copy of the project draft (P802.3cb Draft 3.4). At our May Interim meeting, the Task Force resolved two comments against draft D3.4. Information on those comment resolutions may be found at: <http://www.ieee802.org/3/cb/comments/index.html>, a public link.

We request that this draft be shared only with your membership.

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
