Airport Information

- Airport: Milwaukee, WI (MKE) – General Mitchell Field
<http://www.mitchellairport.com/ground-transportation/>
 - Taxi service is available via the taxi pickup station located outside of Baggage Claim 3. Cross the Baggage Claim roadway, and follow the signs to the taxi lane behind the rental car area.
 - Car rental is available at the MKE airport.
 - Uber & Lyft ride sharing services – Uber & Lyft are located next to Baggage Claim 2. Exit Baggage Claim by following the signs that say "Exit to Ticketing."
 - Shuttle Service – Shuttle operators provide door-to-door airport service to hotels and all other locations in southeastern Wisconsin and northern Illinois, including Chicago.GO Riteway Transportation Group – Milwaukee Area – Phone: +1-800-236-5450.

- Airport Chicago, IL (ORD) – O'Hare
<https://www.flychicago.com/ohare/home/pages/default.aspx>
 - There is no direct train between O'Hare (ORD) airport and Milwaukee. There is an option to take a train from ORD to downtown and from there another train to MKE but I do not recommend that alternative because it is more difficult and takes a long time.
 - O'Hare International Airport offers a variety of options for vehicle rentals. Each rental car company offers free, 24 hour shuttle service. The shuttles pick up at the "Arrival curb front" located at the lower level outside of Baggage Claim. Each terminal has designated areas on the outermost curb front where shuttles board.
 - For specific information on hours of operation, please contact the individual rental car companies.
 - I recommend taking a shuttle (Coach USA) between O'Hare (ORD) and Milwaukee General Mitchell Field Airport (MKE). One trip is \$31 and a round trip is \$59. The tickets can be purchased in advance and you shall have to present the driver the printed copy.
 - Chicago has one more airport: Midway. There is no direct shuttle/train between Midway airport and Milwaukee and you would have to change shuttle/bus in downtown Chicago or at ORD.
