Comment Type E Comment Status X

This comment is "OOS"; however, the change should be made to make the draft consistent. InfoField is the name for the set of bytes used to indicate the PHY capability; however, the capitalization is not consistent in the draft.

*Suggested Remedy*

Make the following changes:

P38 L42, P39 L50, and P147 L31 - Change: Infocfields  
To: the InfoField

P78 L29, P91 L31, and P144 L11 - Change: Infocfield  
To: InfoField

P177 L16 - Change: infocfield  
To: InfoField
