Subject:	Status of IEEE P802.3db Task Force	
Approval:	Agreed to at IEEE 802.3 Plenary meeting, July 23, 2020	

Dear Mr. Palkert, Mr. Carlson and members of INCITS T11.2 and T11.3,

IEEE P802.3db (100 Gb/s, 200 Gb/s, and 400 Gb/s Short Reach Fiber Task Force) has adopted objectives (http://www.ieee802.org/3/db/P802d3db_Objectives_Approved_May_2020.pdf). We would like to foster an exchange of information on 100 Gb/s signaling for MMF optical links. You can find our latest meeting materials from our July, 2020 meeting at http://www.ieee802.org/3/db/public/July20/

We hope you find these helpful as you have a fruitful on-line meeting in August. We look forward to continued communications as both our projects/drafts progress.
