A word about your optics editorial team...

- Your editorial team has worked really hard to get D1.0 together
- Your editorial team has worked exceptionally hard to provide you with comment responses prior to our meeting
- Please keep that in mind as we move forward with the draft and resolution process

Some comments about your comments

- Overall, the feedback was valuable and comprehensive. We had over 200 comments.

Below are some things to keep in mind for next time

- Be specific in your comments!
 - Multiple comments should be split
 - Avoid vague comments
 - Include line numbers and page numbers.
- Try and classify your comments as Editorial or Technical
 - It helps us parse through the comments
- Provide a remedy!
 - Again be specific in your remedy
 - Please don't put questions to us in your remedy
