

Dear Family, Friends, and Colleagues of Lew Aronson,

It is with great sadness that we inform you that Lew passed away Tuesday, August 25, after bravely fighting multiple myeloma for nine years. On Tuesday evening, Lew was comfortably resting at his home surrounded by his beloved family and friends.

Lew was a great son, a loving husband and partner, a wonderful father, a caring friend, a brilliant engineer, and an inspiring colleague. After his diagnosis of multiple myeloma, he worked tirelessly to turn his own illness into hope for others by founding the Myeloma Research Fund. His passing is a terrible loss for those of us close to him and to the myeloma research community.
