<b>Registration is limited to 30 participants please register in advance.</b>	
<b>Venue:</b>	Manchester Grand Hyatt
<b>Address:</b>	One Market Place San Diego, CA 92101 USA
<b>Date:</b>	Tuesday July 17, 2012
<b>Start Time:</b>	9AM Pacific Time

The objective of the IEEE-802 ® University Outreach Program is to expose both students and faculty members of universities local to the area of IEEE-802 Plenary Sessions to the IEEE-802 standards development process so that they may:

- [1] Increase their understanding of the importance that standards play within engineering technology.
- [2] Feel more comfortable participating in the standards process in future academic careers, or as practicing engineers.
- [3] Participate in the IEEE Standards Education Committee programs such as applying for grants for Student Application Papers Applying Industry Standards.
- [4] Cultivate an interest in including the role of standards in engineering in the academic curriculum.

The day will start with an orientation session of about one hour long. IEEE-802 University Outreach students and faculty attendees are then free to observe sessions in progress so long as there is adequate space in the room. A list of meetings recommended for observation by the Working Groups (a self guided tour) will be supplied. The day will end with a closing session to provide the opportunity for IEEE-802 University Outreach participants to ask questions about what they have observed.
