NAME:                    Shimon Muller
COMPANY/AFFILIATION:     Sun Microsystems Inc.
E-MAIL:                  shimon.muller@sun.com

REQUESTED REVISION:
  STANDARD:              IEEE Standard 802.3, 2000 Edition
  CLAUSE NUMBER:         Multiple
  CLAUSE TITLE:          Multiple

PROPOSED REVISION TEXT:

See IEEE P802.3aj draft.

RATIONALE FOR REVISION:

As part of the P802.3ae project, the 802.3 Working Group decided to merge
the tables of parameterized values for allowable implementations into one
consolidated table in subclause 4.4.2 and to eliminate subclauses 4.4.2.1
through 4.4.2.4.

In that context, the 802.3ae editor for existing clauses incorporated the
necessary changes to some of the clauses that required other changes as
well. Subclauses 4.4.2.1 through 4.4.2.4 have been retained in order to
reconcile the cross-references in other multiple clauses of the standard.
This revision request is intended to adjust these cross-references and to
remove the no longer necessary subclauses 4.4.2.1 through 4.4.2.4.

IMPACT ON EXISTING NETWORKS:

None.
