Changes between D1.3 and D2.0

The availability of P802.3cf D1.3 was announced by the 802.3 WG Chair, to the 802.3 reflector on 5th January.

D2.0 changes from D1.3

1. Remove a double quotation to keep consistent with other modules of the yang-version.
2. Remove the content of state tree for ieee 802-ethernet-pse module, since there is no state tree anymore in NMDA style.
