IEEE 802.3
Joint Workshop with ITU-T
19th July 2012, San Diego, CA

Wael William Diab

Vice-Chair, IEEE 802.3 Working Group

wdiab@broadcom.com

Update and Next Steps

- Incremental update from Monday
- Subset of ITU / IEEE panel leads met briefly Wednesday July 19th afternoon
- Agreed to time layout of the meeting
- Action to follow-up on appointment of ITU lead for energy efficiency
- Unless otherwise agreed by panel leads, time split equally per panel
- Panel leads to narrow down the agenda item for their panel
  - 802.3 leads to review submitted proposals and select / work with submitters
  - ITU leads to follow-up with their contributions
- Approve draft agenda by ITU / IEEE
- Unchanged
  - Publish overall agenda once completed
  - Work with IEEE / ITU staff to make it available publically

Straw Man Agenda
