Subject: P802.3bn/D3.2 late comment

Colleagues:

I just spotted an oops in P802.3bn/D3.2, page 32, line 30, line 36. Wish I had seen this before you comment resolution meeting.

Comment: Per the instruction the item to be inserted is 10GPASS-XR, but the insert is 10GBASE-XR.

Suggested remedy: Reconcile. I assume the instruction is correct and you need to change line 36 to 10GPASS-XR.
