

IEEE 802.3 VOTERS IN PERIL

March, 2007 (46) 3/7/2007

If your name is on this list AND you wish to remain an 802.3 Voter you need to make sure that you sign the book every day that you are in 802.3 and declare your affiliation.

"Voter in Peril" means that the persons listed will not be voters after this session unless they meet the "full attendance" requirement. That is, 75% credited attendance at two of the last four plenary sessions, with a qualified interim TF session allowed to substitute for one of the plenary sessions.
