Dear Mr. Law:

This year the Ethernet Technology Summit will be celebrating Ethernet's 40th Anniversary. As part of our event, we will hold a ceremony to honor contributors to Ethernet's on-going success. After much consideration, it is my pleasure to inform you that we plan to honor the IEEE 802.3 Working Group and all its members for their on-going efforts in developing the many standards that have made Ethernet so successful.

The celebration will be held on Wednesday evening at 6 pm, April 3, 2013 at the Santa Clara Marriott Hotel in Santa Clara, CA, USA. I would like to invite you or someone you designate to accept the award on behalf of the Working Group. We would appreciate confirmation of yours or a delegate's ability to attend the celebration.

Individuals wanting to attend the Ethernet Technology Summit to participate in the celebration can find further information at http://www.ethernetsummit.com.

Once again, on behalf of the Ethernet Technology Summit, our thanks for contributing to making Ethernet a huge success story.

Sincerely,

Dr. Lance A. Leventhal
