 - Instructions for subscribing and unsubscribing to the reflector are located at this link.

802.3 Isolation Ad Hoc Activities since May Interim

- Met telephonically on 8/17 and 8/31.
 - 8 attendees
 - 3 presentations
- Meeting at September interim.
 - 11 attendees
 - 2 presentations

Scope of Ad Hoc

- Recommendation of the ad hoc to change the scope of the ad hoc as follows:
 - To examine the current text in IEEE Std 802.3 for electrical isolation and text referencing external safety standards, and build consensus on proposed updates to be provided to the Maintenance Task Force.

Questions?

Thank you!
