Subject: Letter of Intent to host IEEE-P802 Plenary Session, July 14-19, 2013

Dear Dr. Rigsbee,

The Centre of Telematics and Information Technology (CTIT) of the University of Twente in Enschede, The Netherlands, is happy to show its interest to serve as Session Host for the 2013 July IEEE-P802 Plenary Session, scheduled from July 14-19, 2013.

The University of Twente (<http://www.utwente.nl/en/>) is one of the three technical universities in the Netherlands and the only Campus University, located on a former country estate. The CTIT (<http://www.ctit.utwente.nl/>) is one of its six research institutes, focusing on ICT and its application in specific domains. Over 475 researchers actively participate in its research programme.

CTIT is already familiar with IEEE-P802, since in July 1996, we served for the first time as host for the IEEE-P802 Plenary Session.

Meeting rooms

The university is able, through its educational function, to offer sufficient meeting space to allocate all meetings scheduled. The meeting rooms are equipped with projection screens and Wireless LAN-infrastructure, as well as wired access to the Internet. The University is connected to the academic network SURFnet in the Netherlands, that offers high-quality Internet for higher education and research (<http://www.surfnet.nl/info/en/home.jsp>).

The large meeting rooms (capacity: rooms with 150 upto >1000 seats) are located in the "Waaier"-building, which is currently enlarged and renovated (opening by March 2009). A new University Restaurant with more capacity is being built. The smaller meeting rooms are located in several buildings on the Campus, although the largest educational buildings are now concentrated around the "Waaier". For example, the new Carré-building will have appr. 20-24 new (smaller) meeting rooms. Please find enclosed a list of meeting rooms.

Hotels

The Campus itself has a guest hotel, de Drienerburgt, with wired and wireless access in all rooms. Beside this, there is an inexpensive student housing facility, Logica. Opposite the Campus, the "Eden - Broeierd-Hotel" is located, which offers luxurious hotel rooms. Since the Campus is located right between the cities of Enschede and Hengelo (both city centres are appr. 5 km away, there are good public transportation facilities to/from the Campus), the hotels in these cities offer plenty of rooms. In the vicinity of Enschede and Hengelo, in the countryside, there are quite a few country-hotels for those who like it quiet. The main part of the hotels is able to reserve blocks of rooms specifically for IEEE-P802; cut-off dates will be arranged. We enclose a list of hotels (<http://www.ctit.utwente.nl/conferences/hotels>).

CTIT staff is happy to offer assistance to the organization of IEEE-P802 in the communication with the hotels. All hotels have their own website (also with English information). We propose that the delegates make their own reservation in their preferred hotel, indicating IEEE-P802. CTIT staff is keeping contact with the hotels w.r.t. lists of guests, and any free accommodation.

CTIT will make the necessary reservations for meeting rooms, as well as blocks of hotel rooms to be used by IEEE-P802. We are aware of the fact that this may incur some financial obligations, for which we are ready to assume responsibility during this proposal phase until August 2008.

Website

CTIT will maintain a website, especially for this conference, with general information on the venue, the latest news on available hotel accommodation, schedules of meeting rooms, maps, tourist information, etc. Also information you like to share with the participants we are happy to include.

Contact details of host:

University of Twente / CTIT

Mrs. Wilma Hiddink

PO Box 217

7500 AE Enschede

The Netherlands

Email: w.g.hiddink@utwente.nl / URL: <http://www.ctit.utwente.nl>

Phone: +31-53-489 3792 / +31-53-489 8031 (Mrs. Anja Annink-Tanke – executive secretary CTIT)

Fax: +31-53-489 1070

We would be proud to welcoming IEEE-P802 to our University; if the weather plays along, we are sure you will have a good time here in Twente!

We look forward to working with you in the future.

Yours Sincerely,

Prof. dr. P.M.G. Apers
Scientific Director CTIT
