SUBJECT: Coexistence Lessons Learned

DATE: 08 November 2014

Dear Dino,

IEEE 802 LMSC would like to thank 3GPP TSG RAN for notification of the establishment of the Study on Licensed-Assisted Access using LTE item. In response to your invitation to present 802 LMSC's view on our "Coexistence Lessons Learned", we have prepared the attached presentation. I have designated Steve Shellhammer, chairman of the 802.19 Coexistence Working Group, to give the presentation at your upcoming December RAN plenary. I hope to be able to attend the meeting as well, but am not sure at this time.

We appreciate this opportunity for a productive discussion and likewise invite you or a designee to present the 3GPP LAA status and plans at 802 LMSCs 12-15 January 2015 interim session in Atlanta GA.

Regards,

/s/ Paul Nikolich
