

802.21 WG Plenary  
July 11-16, 2004

Ajay Rajkumar  
Chair, 802.21 WG

## Summary

The 802.21 WGs primary objectives for the July 2004 Plenary were to move forward and resolve open issues towards the requirements document on the issues discussed during the two teleconferences during June 2004.

Liaisons within 802 Working Groups and External SDOs:

- Liaison letter was sent to 3GPP informing the establishment of the WG and setup mutual liaisons
- 802.11 – request to establish a mutual .11 to .21 liaison
  - Joint meeting with 802.11 TGr/TGs
  - Joint meeting with 802.11 TGn
  - 802.11 WIEN Study Group joined 802.21 in an ad-hoc
- 802.16 liaison

Worked on Technical requirements and usage scenarios

- Teleconference planned for end-July to discuss two outstanding open issues

Developed a phased approach for the WG
