

## 802.20 WG – March, 2004 Plenary

Current Working Group Officers reaffirmed by members:

Chair – Jerry Upton

Procedural (1<sup>st</sup>) Vice Chair – Gang Wu

Liaison Vice Chair – Eshwar Pittampalli

### WG Activities and Progress:

The principle focus of the group was achieving consensus on the Systems Requirements Document. A new process was adopted for use in meetings. Significant progress achieved on a number of key requirements including Spectral Efficiency.

Additionally the group adopted a requirements commentary process for use between sessions.

Status of other activities including Evaluation Criteria were reviewed. Project schedule contributions were reviewed with a goal of consensus at the May Interim.
