

**Proposed change #1****Retention of Working Group Membership Rights****Rationale**

It is too difficult to formulate a quorum at interim meetings. The current rule for retaining WG membership does not accurately reflect the profile of attendance. When people quit coming they do not age off of the membership list quickly enough.

**Text of proposed change:*****5.1.3.2 Retention***

Membership is retained by participating in at least two of the last two ~~four~~ Plenary session meetings. One duly constituted interim Working Group or task group meeting may be substituted for one of the two Plenary meetings.
