Comments by Category - 1

- Most comments are in scope, but note that:
 - Some editorial comments identified issues that occur in multiple places; at least some of those places involved text that had changed in this draft
 - In many cases, and especially for editorial comments, the D7.4 shows change bars because track changes were removed from the Framemaker file (and, in doing this, Framemaker omitted a space, which gave rise to the comment)
- Priority should be given to the following comments (note that there is some overlap of the 3 categories below – 3, 7, 8, 31; there are 27 distinct comments below)
 - 4 technical comments (3, 6, 7, 8)
 - 18 “must be satisfied” comments (3, 7, 9, 13, 14, 16, 20, 22, 29, 30, 31, 32, 37, 38, 40, 42, 43, 50)
 - 5 comments marked DISCUSS (8, 13, 31, 52, 53)
