**Draft D0.1 Ballot Comment Resolution (v1)**

**Stephan Kehrer, Hirschmann Automation and Control GmbH**

**December 2020**

# P802.1Qdj/D0.1 Summary

D0.1 was the initial draft for Task Group ballot. The changes in draft D0.1 are based on the editor's draft D0.0 that can be found under [802-1Qdj-d0-0.pdf](#).

This document provides an overview over the ballot statistics and sorts comments into discussion topics for ease of comment resolution. In case of errors, the comment resolution database is the definitive source.

In those places where comments are grouped together (i.e. enclosed in []), they have been put into the category that is the best fit for that group.

For comments marked **red** the editor would prefer a discussion during an in person meeting. For comments marked black the editor assumes that they can easily be resolved on a call.
