1. Overall Description:

SA2 thanks IEEE 802.1 for their early warning on the withdrawal of IEEE Std 802.1D-2004 and for checking of 3GPP references to it. Both identified 3GPP specifications (TR 23.836 and TS 23.234) are discontinued, so SA2 does not see any problem in the withdrawal of the IEEE Std 802.1D-2004.

2. Actions:

To IEEE 802.1 group.

ACTION: None. This LS is for information.
