Motions - Security

For the EC Consent (or Regular) Agenda (in separate slide set):

- Forward P802.1AReg/D2.0 to SA Ballot

- Forward the P802.1Qdt PAR extension request to NesCom

For 802.1, requesting authorization to/for:

- P802.1AEef Working Group balloting

Authorization for Security TG electronic meetings to progress approved projects and other task group matters arising is expected to occur as part of the usual general 802.1WG authorization for task group electronic meetings.

[All notes in square brackets on the motion slides are for information only and are not part of the text of the motion.]
