

## Notice of Patent Applicability

September 20, 1993

**Tom Baumgartner**  
**Spectrix Corporation**  
**906 University Place**  
**Evanston, IL 60201**

At the request of the Chairman of IEEE Committee 802.11, Spectrix Corporation is hereby giving notice that the Company holds a Patent which may be applicable to certain aspects of proposals which are under consideration by this Committee.

If this Committee believes that it is necessary according to the IEEE policy, paragraph 6.3 Patents, Spectrix Corporation is prepared to submit to the Patent Committee of the IEEE Standards Board a draft of our license that assures that the technology will be made available at nominal competitive costs to all who seek to use it for compliance with an incorporated IEEE standard.

The referenced Patent is:

Richard M. Lee, Gary T. Cromack: "Infrared Communications Network," United States Patent No. 5,099,346, March 24, 1992.
